BOARD OF REGISTRATION OF NURSES,
STATE HOUSE, BOSTON, Dec. 31, 1910.

To His Excellency EBEN S. DRAPER.

SIR:—In compliance with section 9 of chapter 449 of the Acts of 1910, the Board of Registration of Nurses submits the following report. Said chapter 449, quoted in full, provides as follows:—

SECTION 1. A Board of Registration of Nurses is hereby established to consist of five members. One member shall be the secretary of the board of registration in medicine, *ex officio*; the other four members shall, within sixty days after the passage of this act, be appointed by the governor with the advice and consent of the council. Three members shall be nurses holding diplomas, each from a different training school for nurses giving at least a two years' course in the theory and practice of nursing in a hospital, and they shall have had eight years' experience in nursing the sick. The fifth member shall be a physician who is superintendent of a hospital having a training school for nurses. The four appointive members shall be appointed to serve as follows: one member for one year, one for two years, one for three years and one for four years from the first day of October, nineteen hundred and ten, and until their respective successors are appointed; and thereafter the governor, with the advice and consent of the council, shall annually, before the first day of October, appoint one person qualified as aforesaid to hold office for four years from the first day of October next ensuing. Vacancies in said board shall be filled for the unexpired term in the manner of the original appointment. Any member of the said board may be removed, for cause, by the governor with the advice and consent of the council.

SECTION 2. The members of said board shall meet at the office of the board of registration in medicine on the second Tuesday of October, nineteen hundred and ten, and annually hereafter, and shall immediately proceed to organize by electing a chairman who shall hold office for the term of one year. The secretary of the board of registration in medicine shall be secretary of the board of registration in nursing, and shall receive as compensation therefor such sums as may be fixed by the governor and council, to be paid from fees received hereunder. The said board shall hold three regular meetings in each year; one on the

second Tuesday of January, one on the second Tuesday of April, and one on the second Tuesday of October at the office of the board of registration in medicine, and it may hold additional meetings at such times and places as it may determine.

SECTION 3. It shall be the duty of said board, immediately upon its organization, to notify all persons engaged in the practice of nursing the sick in this commonwealth of the times, places and subjects of the examinations for registration, by publication in one or more newspapers in each county. Application for registration shall be made upon blanks to be furnished by the board, and shall be signed and sworn to by the applicants. An applicant for registration who shall furnish satisfactory proof that he or she is at least twenty-one years of age, and of good moral character shall, upon payment of a fee of five dollars, be examined by the said board, and, if found to be qualified, shall be registered, with a right to use the title Registered Nurse, and shall receive a certificate thereof from the board signed by the chairman and secretary. An applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled, within one year after such refusal, to a re-examination at a meeting of the board called for the examination of applicants, without the payment of an additional fee. The said board may, after a hearing, by vote of a majority of its members, annul the registration and cancel the certificate of any nurse; and, without a hearing, may annul the registration and cancel the certificate of a nurse who has been found guilty of a crime or misdemeanor. All fees received by the board shall once a month be paid by its secretary into the treasury of the commonwealth.

SECTION 4. Examinations shall be partly in writing in the English language and partly in practical work, and shall include the principles and methods of nursing. Due credit shall be given for examinations in special branches.

SECTION 5. Any resident of this commonwealth who shall make application for registration within one year after the passage of this act, and who shall prove to the satisfaction of the board, by affidavit or otherwise, that he or she was actually engaged for five years next prior to the date of application in nursing the sick in a competent manner or has had such experience in a hospital or training school as, in the opinion of the board, would justify registration, shall be registered without examination on the payment of a fee of five dollars.

SECTION 6. The board shall have power to register in like manner, without examination, any person who has been registered as a professional nurse in another state under laws which in the opinion of the board maintain a standard substantially similar to that of this act.

SECTION 7. Each member of the board, except the secretary, shall receive five dollars for every day actually spent in the performance of his or her duties: *provided, however,* that in no event shall the total

sum paid to any member of said board exceed one hundred and fifty dollars in any one year, and the necessary travelling expenses actually incurred in attending the meetings of the board, not exceeding three cents a mile each way. The said compensation and travelling expenses and any incidental expenses necessarily incurred by the board or any member thereof shall, if approved by the board, be paid from the treasury of the commonwealth, but only from the fees paid into the said treasury by the board.

SECTION 8. The board shall investigate all complaints of violation of the provisions of this act, and report the same to the proper prosecuting officers.

SECTION 9. The board shall keep a record of the names of all persons registered hereunder, and of all money received and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the secretary of the commonwealth. Said board shall annually, on or before the first day of January, make a report to the governor of the condition of professional nursing in this commonwealth, of all its official acts during the preceding year, and of its receipts and disbursements.

SECTION 10. Whoever, not being authorized to practise as a registered nurse within this commonwealth, practises or attempts to practise as a registered nurse, or uses the abbreviation, R. N., or any other words, letters, or figures to indicate that the person using the same is such a registered nurse, shall for each offence be punished by a fine of not more than one hundred dollars. Whoever becomes registered or attempts to become registered, or whoever practises or attempts to practise, as a registered nurse under a false or assumed name, shall for each offence be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for three months, or by both such fine and imprisonment.

SECTION 11. This act shall not apply to gratuitous nursing of the sick by friends or members of the family, or to the acts of any person nursing the sick for hire who does not assume to be a registered nurse.

SECTION 12. The board may make such rules and regulations with reference to procedure hereunder as it may deem expedient, provided that the same are not inconsistent with this act or with any other law of the commonwealth.

SECTION 13. For the purpose of the appointment of said board and of the registration of persons by it hereunder, this act shall take effect upon its passage, and it shall take full effect on the first day of October in the year nineteen hundred and ten. [*Approved April 27, 1910.*]

The Board consists of four appointive members and the secretary of the Board of Registration in Medicine ex-officio. Section 2 of the said act provides that the said secretary shall be the secretary of the Board of Registration of Nurses.

MEMBERSHIP OF THE BOARD.

MARY M. RIDDLE, R.N., of Newton, appointed for the term of four years.

LUCIA L. JAQUITH, R.N., of Worcester, for the term of three years.

MARY E. SHIELDS, R.N., of Boston, for the term of two years.

CHARLES A. DREW, M.D., of Worcester, for the term of one year.

EDWIN B. HARVEY, M.D., secretary; address, State House, Boston.

The Board met at the office of the Board of Registration in Medicine, Room 159, State House, on the second Tuesday in October, as required by law, and organized by the election of Mary M. Riddle, R.N., as chairman of the Board.

Section 5 provides for the registration of two classes of nurses without a test examination of fitness to practise, — the untrained nurse, with five years of so-called actual experience, evidently being regarded by the law as an equal in professional ability and fitness for service in the sick room to the trained nurse, with three years of constant drill and experience in a general hospital. This classification, in the opinion of the Board, is very unjust, both to the trained nurse and to the public; nevertheless, such is the law given to the Board to administer.

At the first meeting of the Board in October it was decided to limit registration to the provisions of section 5, until they should become inoperative, on April 27, 1911. No examinations, therefore, have been held, and will not be until the expiration allowed for the preliminary registration provided for in the said section.

Since the organization of the Board in October, 630 applications for registration have been received; 592 have been approved, 31 are still under consideration and 7 have been rejected.

Certificates have been issued to the following:—

Abbe, Grace Josephine.
Adams, Helen Louise.
Adams, Marion Frances.
Adams, Mary.

BOARD OF REGISTRATION OF NURSES,
STATE HOUSE, BOSTON, Dec. 31, 1911.

To His Excellency EUGENE N. FOSS.

SIR: — In compliance with section 9 of chapter 449 of the Acts of 1910, the Board of Registration of Nurses respectfully submits the following as its annual report for the year ending Dec. 31, 1911.

The said chapter, quoted in full, reads as follows: —

SECTION 1. A Board of Registration of Nurses is hereby established to consist of five members. One member shall be the secretary of the board of registration in medicine, *ex officio*; the other four members shall, within sixty days after the passage of this act, be appointed by the governor with the advice and consent of the council. Three members shall be nurses holding diplomas, each from a different training school for nurses giving at least a two years' course in the theory and practice of nursing in a hospital, and they shall have had eight years' experience in nursing the sick. The fifth member shall be a physician who is superintendent of a hospital having a training school for nurses. The four appointive members shall be appointed to serve as follows: one member for one year, one for two years, one for three years and one for four years from the first day of October, nineteen hundred and ten, and until their respective successors are appointed; and thereafter the governor, with the advice and consent of the council, shall annually, before the first day of October, appoint one person qualified as aforesaid to hold office for four years from the first day of October next ensuing. Vacancies in said board shall be filled for the unexpired term in the manner of the original appointment. Any member of the said board may be removed, for cause, by the governor with the advice and consent of the council.

SECTION 2. The members of said board shall meet at the office of the board of registration in medicine on the second Tuesday of October, nineteen hundred and ten, and annually hereafter, and shall immediately proceed to organize by electing a chairman who shall hold office for the term of one year. The secretary of the board of registration in medicine shall be secretary of the board of registration in nursing, and shall receive as compensation therefor such sums as may be fixed by the governor and council, to be paid from fees received hereunder. The said board

shall hold three regular meetings in each year; one on the second Tuesday of January, one on the second Tuesday of April, and one on the second Tuesday of October at the office of the board of registration in medicine, and it may hold additional meetings at such times and places as it may determine.

SECTION 3. It shall be the duty of said board, immediately upon its organization, to notify all persons engaged in the practice of nursing the sick in this commonwealth of the times, places and subjects of the examinations for registration, by publication in one or more newspapers in each county. Application for registration shall be made upon blanks to be furnished by the board, and shall be signed and sworn to by the applicants. An applicant for registration who shall furnish satisfactory proof that he or she is at least twenty-one years of age, and of good moral character shall, upon payment of a fee of five dollars, be examined by the said board, and, if found to be qualified, shall be registered, with a right to use the title Registered Nurse, and shall receive a certificate thereof from the board signed by the chairman and secretary. An applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled, within one year after such refusal, to a re-examination at a meeting of the board called for the examination of applicants, without the payment of an additional fee. The said board may, after a hearing, by vote of a majority of its members, annul the registration and cancel the certificate of any nurse; and, without a hearing, may annul the registration and cancel the certificate of a nurse who has been found guilty of a crime or misdemeanor. All fees received by the board shall once a month be paid by its secretary into the treasury of the commonwealth.

SECTION 4. Examinations shall be partly in writing in the English language and partly in practical work, and shall include the principles and methods of nursing. Due credit shall be given for examinations in special branches.

SECTION 5. Any resident of this commonwealth who shall make application for registration within one year after the passage of this act, and who shall prove to the satisfaction of the board, by affidavit or otherwise, that he or she was actually engaged for five years next prior to the date of application in nursing the sick in a competent manner or has had such experience in a hospital or training school as, in the opinion of the board, would justify registration, shall be registered without examination on the payment of a fee of five dollars.

SECTION 6. The board shall have power to register in like manner, without examination, any person who has been registered as a professional nurse in another state under laws which in the opinion of the board maintain a standard substantially similar to that of this act.

SECTION 7. Each member of the board, except the secretary, shall receive five dollars for every day actually spent in the performance of his or her duties: *provided, however,* that in no event shall the total sum

paid to any member of said board exceed one hundred and fifty dollars in any one year, and the necessary travelling expenses actually incurred in attending the meetings of the board, not exceeding three cents a mile each way. The said compensation and travelling expenses and any incidental expenses necessarily incurred by the board or any member thereof shall, if approved by the board, be paid from the treasury of the commonwealth, but only from the fees paid into the said treasury by the board.

SECTION 8. The board shall investigate all complaints of violation of the provisions of this act, and report the same to the proper prosecuting officers.

SECTION 9. The board shall keep a record of the names of all persons registered hereunder, and of all money received and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the secretary of the commonwealth. Said board shall annually, on or before the first day of January, make a report to the governor of the condition of professional nursing in this commonwealth, of all its official acts during the preceding year, and of its receipts and disbursements.

SECTION 10. Whoever, not being authorized to practise as a registered nurse within this commonwealth, practises or attempts to practise as a registered nurse, or uses the abbreviation, R. N., or any other words, letters, or figures to indicate that the person using the same is such a registered nurse, shall for each offence be punished by a fine of not more than one hundred dollars. Whoever becomes registered or attempts to become registered, or whoever practises or attempts to practise, as a registered nurse under a false or assumed name, shall for each offence be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for three months, or by both such fine and imprisonment.

SECTION 11. This act shall not apply to gratuitous nursing of the sick by friends or members of the family, or to the acts of any person nursing the sick for hire who does not assume to be a registered nurse.

SECTION 12. The board may make such rules and regulations with reference to procedure hereunder as it may deem expedient, provided that the same are not inconsistent with this act or with any other law of the commonwealth.

SECTION 13. For the purpose of the appointment of said board and of the registration of persons by it hereunder, this act shall take effect upon its passage, and it shall take full effect on the first day of October in the year nineteen hundred and ten. [*Approved April 27, 1910.*]

The Board consists of four appointive members and the secretary of the Board of Registration in Medicine, ex officio, as provided in section 1 of the act.

MEMBERSHIP OF THE BOARD.

MARY M. RIDDLE, R.N., superintendent, Newton Hospital, Newton.
LUCIA L. JAQUITH, R.N., superintendent, Memorial Hospital, Worcester.

ter.

MARY E. SHIELDS, R.N., superintendent, Shields' Hospital, Boston.
CHARLES A. DREW, M.D., superintendent, City Hospital, Worcester.
EDWIN B. HARVEY, M.D., secretary, address, State House, Boston.

The registration act was approved by His Excellency April 27, 1910. Section 13 provided that the act should take effect upon its passage, for the purpose of the appointment of the Board and for the registration of persons under it, and that it should take full effect on the first day of October following; but by a provision in section 2 the members of the Board were required to meet on the second Tuesday in October, two weeks later, for organization. The only way out of the dilemma caused by such conflicting provisions in the law was to regard strictly the time fixed in section 2 for organization. It was therefore near the close of the year before the Board could meet for organization, preliminary to entering upon its duties as outlined in the law. Consequently, only comparatively few applications for registration could be considered before the opening of this year.

The law requires that the Board shall annually, on or before the first day of January, make a report to the Governor of the Commonwealth of its official acts during the preceding year, including a statement of receipts and disbursements. But inasmuch as so little had been accomplished, and so few registrations granted, before the beginning of this year now closing, it is deemed wise to include in this report a summary of the doings, receipts and expenditures of the Board from the date of its organization, late in the year 1910.

The number of persons registered to date is 5,304. Of this number, 5,208 were registered under the provisions of section 5 of the registration act. This section, which became inoperative last April, one year after the passage of the act, provided for the registration of two classes of nurses without requiring any examination test whatever as to their fitness to care for the sick. One class included applicants who had been engaged in nursing as an

occupation during the five years next prior to the date of application; the other class included applicants who had "had such experience in a hospital or training school as in the opinion of the board would justify registration." This classification the Board regards as very unjust, both to the trained nurse and to the public. A knowledge of nursing acquired solely by an experience of five years in intermittent caring for the sick cannot in any instance be justly regarded as an equivalent of three, or even two, years of constant preparation in a hospital training school.

Of the number, 5,208, registered as provided in section 5, without an examination, 588 belong to the five-year class. The names of persons registered in each class are arranged alphabetically and printed in this report as classified.

Since registration without an examination, under section 5, ceased last April, the Board has held but one examination, for which 106 applications were filed. One hundred and two of the applicants took the examination, of whom 96 passed successfully, and received certificates of registration; 6 submitted unsatisfactory papers and were refused registration; 4 were absent, their names being on the delinquent list.

The Board will hold at least three examinations in each year, one in January, one in April and one in October. Nurses desiring to take an examination must file their applications not later than *five* days before the examination date. An application blank will be mailed to any address on request.

Nurses who have secured registration through an examination in another State, and who locate in this State to engage in professional nursing, can apply for registration under section 6, which provides that the Board "shall have power to register, . . . without examination, any person who has been registered as a professional nurse in another state." This Board, however, strongly recommends such persons to apply for registration in this State under section 3, and take the required examination. A registration secured in this manner receives the highest commendation.

FINANCIAL STATEMENT.

Receipts.

Amount of fees paid into the treasury of the Commonwealth received from nurses, 5,208, registered under section 5,	\$26,040 00
Amount of fees paid into the treasury received from 106 applicants for registration by examination,	530 00
	<hr/> \$26,570 00

Disbursements.

Amount expended for salaries, incidental expenses of the Board, advertising, postage, printing and material, and other office supplies,	4,661 46
Balance in treasury standing to the credit of the Board, .	<hr/> \$21,908 54

The following classified lists of names, alphabetically arranged, comprise the total registration of nurses to date:—

Names of Graduate Nurses registered without an Examination, as provided in Section 5 of the Registration Act.
